```
Intro: Dbm A E B (2x)
(The kids in the dark) (4x)
Here we are at the end of the road

Looking back I see a setting sun
Watch my shadow fade into the floor (floor)
Dbm A
I am left standing on the edge
Wondering how we got this far (how we got this far)
They left us alone
The kids in the dark
To burn out forever or light out the spark
   Dbm
We come together state of the art
We'll never surrender
             В
The kids in the dark so let the world sing
What a shame what a shame
