A
The time on the clock reads half past four

I'm wide awake and thinking
B
With my pillow on the floor
A
Then maybe I'm just wasting my time dreaming
E
In a harsh reality
A
I don't wanna wake up just to find
B
I've been deceived

Chorus:

E
Let It Roll

Our time is fleeting
A
So we take control
E
From California to my home sweet home
A
Our days repeating like its all we know
B
Its all we know

Interlude:
Dbm - A - Dbm - A - E - Abm - A - B

A
Out here the hills roll on for miles
B
The sun is like my own sense of direction
B
I'm always drawn to each horizon
A
When it's rising, when it sets
E
But all I can think about is sex
A

B
And playing one more game of six cup in the backyard at the wedge
E
I know ill never die alone because of all of you
Abm A B

Let It Roll

Our time is fleeting

A
We've got all the time in the world
E
To get a grip on the fact that we don't last
