

# All Time Low - Nightmares

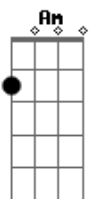

tom:  
 G  
 There's a little house on a perfect little hill  
 Am F  
 Just short of a fairytale  
 Am G  
 There's a little child with a million ways to feel  
 G F  
 Caught up in a hurricane  
 C Am  
 Paper thin walls  
 G F  
 Angry words from down the hall  
 C Am  
 Something changed them  
 G F  
 I think about him every now and again  
 C G  
 Now there's a ghost at the back of this room  
 Am G  
 And I don't like it  
 C G  
 I fall asleep with my covers pulled up  
 Am G  
 And try to fight it  
 C C  
 I gotta say it's hard to be brave  
 C G  
 When you're alone in the dark  
 C Am  
 I told myself that I wouldn't be scared  
 Am G F C  
 But I'm still having nightmares (I'm wide awake, I'm wide awake)  
 G F C  
 I'm still having nightmares (I'm wide awake, I'm wide awake)  
 Am G  
 Every little thing got me coming back around  
 G F  
 Digging up old memories  
 Am G  
 Always used to be the one to let it go  
 G F  
 Got my fears in a suitcase  
 C Am  
 I locked them away  
 G F  
 In a place they couldn't find  
 C Am  
 They still haunt me  
 G F  
 I think about it every now and again
