

# Allanis Menuci - Climate Change

tom:  
F

[Primeira Parte]

I'm a winter person  
Though I'm not used to the snow  
Could be a night owl  
Travelling around the globe  
My clock isn't settled  
So I fly around my dreams  
I blow the candle and I see I'm almost 18

I search by midnight  
Things that could distract myself from over thinking  
I feel like I might need some help  
I had this nightmare I was threatned I can't tell  
But inside this nightmare I didn't end so well

[Pré-Refrão]

Gbm  
Grabbed my scarf it was wrapped  
And my gloves were so small  
My umbrella was broken afterall  
Wasn't used to this avalanche

Called anxiety in my door  
Now I don't know myself anymore

[Refrão]

I wish I could stop  
Could go back on time  
I wish I had prayed before I sleep  
Didn't see the phone  
Expect someone to see how amazing I can be  
I wish I could have learned to deal with the weather  
Could have been best friend of the snow men  
I wish I could have learned to ski back to the sea

[Segunda Parte]

I forgot my charger  
How will I talk with my friend?

I am feeling high  
Though never touched a drug since him  
I am trying harder  
But the fire won't work here  
Even if it's 10 degrees

Gbm  
I told my parents I was only buying food  
My pills were like ending  
Without them I couldn't go through  
Society tells me I should learn to live alone  
And I am so lonely guess I never understood

[Pré-Refrão]

F  
Grabbed my phone it was almost dying  
And my story couldn't post  
I was singing my voice stopped  
Must be the rope in my throat  
Wasn't used to this avalanche  
Of loneliness and wanting more  
Now I don't know what to do anymore

[Refrão]

I wish I could stop  
Could go back on time  
I wish I had thanked before I sleep  
Didn't cry alone  
Expect my friends to realize how important I could be  
I wish I could have learned to deal with the weather  
Could have learned to make a snowball  
I wish I could have learned how to snowboard afterall

F  
The fire is down  
G  
My battery is gone  
D  
The weather is lowering  
Bm  
I'm feeling alone  
F  
Insomnia my only friend  
G Am  
Told me I'll be alright  
F G F  
Only if I can get through this night
