

Allen Stone - Consider Me

tom:

C

[Primeira Parte]

If you're lookin' for somebody who
Will love you through the night
And be there in the morning
With the same look in their eyes
If you lookin' for somebody who
Will listen to your thoughts
And understand the way you feel
With no words at all

[Pré-Refrão]

If you need appreciation
Without compensation
Someone to give you what you need
If you lookin' for some magic
That will not end tragic
Darlin' all I ask is you consider me

[Refrão 1]

Consider me
Consider me
Consider me
Won't you consider me?
Consider me
Consider me
Consider me
Won't you consider me?

[Segunda Parte]

If you're lookin' for somebody who
Don't judge you from your past
And focuses on only things
That help to make it last

If you're lookin' for somebody who
Who'll put up with your shit
Can fight fire with fire
Without burning you a bit

[Pré-Refrão 2]

Oh, if you want real attraction
Beyond this skin we've fashioned
Someone to set your spirit free
Someone that you're obsessed with
And that you feel blessed with
Baby, all I ask is you consider me

[Refrão 1]

Consider me
Consider me
Consider me
Won't you consider me?
Consider me
Consider me
Consider me
Won't you consider me?

[Refrão 2]

Baby don't delay
I will find a way
To give you everything
If you consider me
And any time of day
I'll be there right away
Swear it on my grave
If you consider me

0ooh, darling
Oh yeah
Won't you consider me?
