Intro: F Am

[Verse 1]

F Am
I'm here dancing on the edge of the night
F Am
I'm sleep walking with a hand full of blue dice
F Am
One Hail Mary for the hole in my heart
F Am
I'm outside waiting for your love on the boulevard

[Pre-Chorus]

F G Am
You're a heavenly creature
With a real dark agenda
F G Am
You can turn a believer
Into a damn dirty sinner
F G Am
Am I having a seizure?
Cause I'm shaking up with fear
F Am
Oh I know, yeah I know that...

[Chorus]

F
You're no casanova
G Am
Got to let you go
F
Hit me on my blind side
G Am
Left me on the floor
F
Now I can see the bright light
G Am
Body getting cold
F
There's something 'bout your touch that
G Am
I can't leave alone

[Post-Chorus]

F G Am
Casanova fucked me over
F
Left me dying for your love
G Am
Casanova, casanova
Now you're all I'm thinking of

[Verse 2]

F G Am
I'm here lying on the bed of your tongue

My heart listens to the sound of your war drum

Steady tiptoe into your neck of the woods
