

Allie X - Too Much To Dream

Tom: E

E
There's a place I can go
Where the rides never close
Come on down

E
It's a barrel of fun
Spinning round till I'm numb
On this merry-go-round

Gbm B
Going riding, riding, riding from me

E
Anyone can see
That I've had too much to dream
I'm singing till I'm screaming
Dancing till I'm bleeding

E
A cruel reality
When you've had too much to dream
Better keep your eyes shut
Cause you don't wanna wake up

E
Through the mouth of a clown
Take the zipper, go down
What a thrill

E
All the cocktails are pink
Wet your lips, you can drink
Till you get your fill

Gbm B
Going riding, riding, riding from me

E
Anyone can see
That I've had too much to dream
I'm singing till I'm screaming
Dancing till I'm bleeding

E
A cruel reality
When you've had too much to dream
Better keep your eyes shut
Cause you don't wanna wake up

Gbm
Better keep your eyes shut
Cause you don't wanna wake up

E
Ooh, everybody's waiting
For the curtain call
Ooh, I'm the fool who's busy
Singing to them all

Dbm
Anyone can see
That I've had too much to dream
I'm singing till I'm screaming
Dancing till I'm bleeding

E
A cruel reality
When you've had too much to dream
Better keep your eyes shut
Cause you don't wanna wake up

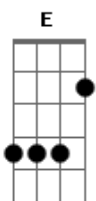

E
Anyone can see
That I've had too much to dream
I'm singing till I'm screaming
Dancing till I'm bleeding

E
A cruel reality
When you've had too much to dream
Better keep your eyes shut
Cause you don't wanna wake up

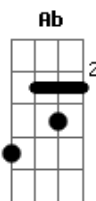

E
Anyone can see
That I've had too much to dream
I'm singing till I'm screaming
Dancing till I'm bleeding

E
A cruel reality
When you've had too much to dream
Better keep your eyes shut
Cause you don't wanna wake up
