

# Almir Sater - Cavaleiro Da Lua

Tom: C

Vem o vento e vai  
 Passando pelas folhas  
 Varre o céu e vê o cavaleiro do luar  
 Eu criança no batente da porteira

Debrucado na janela das estrelas  
 Também sonho em ser o cavaleiro do luar  
 Galopar  
 Pela poeira do caminho  
 Querendo os homens, meninos
