

# Alok - Innocent

tom:

Intro: (Dm F Gm Bb )  
When we were young

[Primeira Parte]

When I met you it was summer love  
We were rebels living just for fun  
Lie awake until the sun  
Creeped in through the crease of the curtains  
We go drinkin' underneath the green  
And we dream of being 17  
I remember who we were  
We were looking up to the future

[Pré-Refrão]

When we were young, we thought we knew it all  
When we were strong and undefeatable  
Oh, no, no, no, when we were young  
Oh, no, no, no, and we were innocent

( Dm F )

[Refrão]

When we were young  
And we were innocent

[Segunda Parte]

When I see you now you look the same  
Pretty face inside a different frame  
I don't even know if you  
Still listen to the tunes that we used to  
(Oh, when we were young)

[Pré-Refrão]

When we were young, we thought we knew it all  
When we were strong and undefeatable

Oh, no, no, no, when we were young  
Oh, no, no, no, and we were innocent

( Dm F )

[Refrão]

When we were young  
And we were innocent

( Dm F )

When we were young  
And we were innocent

[Interlúdio]

Look at us now  
We're all grown up  
We might as well  
Embrace the fun  
So keep your words  
Give me your touch  
No longer young  
And we were innocent

( Dm F Gm Bb )

And we were innocent

( Dm F )

[Refrão]

When we were young  
And we were innocent

When we were young, we thought we knew it all  
Knew it all, and we were innocent  
When we were young, we thought we knew it all  
Knew it all, and we were innocent  
When we were young, we thought we knew it all  
When we were strong and undefeatable  
Oh, no, no, no, when we were young  
Oh, no, no, no
