

Alhaville - Dance With Me

Tom: C

(intro) Am C G D

When the heat of light melts into the speeding time
 When the king returns from the city-side
 Let the Magnet-Mages wave the signals, flashing oh so fast
 Then you'll meet me there under the moonshine
 In a lover's heaven, we'll keep our promises at last
 In a lover's heaven, we'll forget the past

Do you want to dance with me through one of those lonely nights
 It's more than a dream, maybe we're reaching the Gardens of Delight
 Do you want to dance with me through one of those lonely nights
 It's more than a dream, maybe we're drowning in Empires of

Delight

In the stardust dawn underneath the crystal roofs
 Where the solar boys are playing games they'll never lose
 Where the sailors are swaying through the lightdome shining from the sky
 Then you'll meet me there under the moonshine
 In a lover's heaven, we'll keep our promises at last
 In a lover's heaven, we'll forget the past

Do you want to dance with me through one of those lonely nights
 It's more than a dream, maybe we're reaching the Gardens of Delight
 Do you want to dance with me through one of those lonely nights
 It's more than a dream, maybe we're drowning in Empires of Delight
