

Alt-J - Taro

Tom: F

Indo - china, Capa jumps Jeep, two feet creep up the road
 To photo, to record meat lumps and war,
 They advance as does his chance oh
 very yellow white flash.
 A violent wrench grips mass, rips light, tears limbs like
 rags,
 Burst so high finally Capa lands,
 Mine is a watery pit. Painless with immense distance
 From medic from colleague, friend, enemy,
 foe, him five yards from his leg, From you Taro.
 Do not spray into eyes - I have sprayed you into my eyes.

Do not spray into eyes - I have sprayed you into my eyes.

verse 2
 3:10 pm, Capa pends death, quivers, last rattles, last
 chokes
 All colours and cares glaze to grey, shrivelled and stricken
 to dots,
 Left hand grasps what the body grasps not oh
 le photographe est mort.
 3.1415, alive no longer my amour, faded for home May of '54
 Doors open like arms my love, Painless with a great closeness
 To Capa, to Capa Capa dark after nothing,
 re-united with his leg and with you, Taro.
 Do not spray into eyes - I have sprayed you into my eyes.
