Bm **G**
Sitting alone in the cold of the night

You're so afraid

You can't go on

Left in the silence that tears at your heart

They only remind you how broken you are

You've lost your way
G
But hope is not gone

D
Cause the sun always sets

The moon always falls

It feels like the end

Just pay no mind at all

Keep rolling, rolling
Bm A G
Life must go on

Do you remember and long for the past

And joy seemed to last

Yesterday

Forever is gone

The moon always falls

It feels like the end
