

# Amalee - Your Lie In April (Medley) (English)

Tom: Gb

A A E  
A rainbow is never formed by chance

The blossoming colors always dance

In a whirlwind of a thousand hues

Bm Db Gbm  
Under that brilliant crimson sky,

B  
I was falling so hard

Bm Db  
And I knew that my world was you

D Dbm  
It's not a moment you can capture on film

Bm A  
But even so I'll never let it disappear

Bm Dbm D Db  
You are a song and every last note is carved into my heart

F C  
This is our rainbow-colored symphony

Dm Am  
Every day, a symphony

C Am  
A beautiful sound I've never known

Bb C  
A melody no one can play alone

F C  
Crying, laughing from hello

Dm C  
Do-re-mi-fa-sol

Bb C F  
All of our emotions form this symphony

D  
I breathe a sigh and watch the sky As it collects this little  
hopeless puff of air

Am D  
There are a thousand cherry blossom petals, Twirling to a  
silent song up there

Gbm Bm A  
I spin around and around and around And around and then spin  
right around

D D7 A  
I'm waiting patiently for spring But I don't know if I can  
bear it without you around

G A7 Gbm  
Don't you know you have a little magic in you?

Bm Em A D7  
It wipes away the monochrome hue  
And fills this world with color when you laugh beside me

G A7 Gbm  
Hey, let's go and make the most of today

Bm A C  
Our time is precious, they say  
And I wanna spend it all with you

D E Gbm  
You were the one, you were always the one  
D E Gbm  
You were the light in my life  
D E Gbm  
When you're with me, we can take on the night  
D E Gbm  
Shining like stars in the sky

D E Gbm  
Don't hide away - never hold back your tears  
D E Gbm  
Trying so hard to be strong  
D E Gbm Gbm  
Only for you I'd gather the stars  
D E Gbm  
?Cause with you is where they belong

G B7  
After the storm has passed, I looked up to sky

E Dm7 G  
That brilliant blue, a bittersweet goodbye

C D Bm7 Em  
I remember how we laughed, it always makes me smile

Gb D E Db7 Fm  
In a single beat, both our paths began to meet

Bm Db7  
So I'll take a vow, here and now, as we're shining bright

G B7  
Among a million stars, a single love is born

Em Dm7 G  
A burning light, to last the test of time

C D Bm Em  
When the winter turns to spring and today, into the next

Am7 D  
It's a symphony of each and every dream

Ebm B Db Gb Db  
We were walking side by side, just a single step away

Abm7 Db Bb7 Ebm  
I wish I could recall what had made us laugh at all

B Db  
How I miss the magic of those ordinary days

Abm7 Db  
Even now, it's still all so clear

Bb7 Ebm  
And your voice is the music I hear

B Bm7 Db  
You are still the orange of the sunset in my dreams

Gb  
I just really wish that you were here

Db Ebm Db  
?Cause inside my dreams it's not enough

B Bbm  
To hear your voice once more, that's all I'm asking for

Abm Db  
We'll pick up our duet, ?cause it can't be finished yet

Gb Db Ebm  
I just really wish that you were here to compose another  
memory

B Db Gb  
I promise when I find I'm missing you, I'll play our symphony
