

Amanda Palmer - In My Mind chords

```
Tom: G
                 Intro: G C D C
In my mind
In a future five years from now
I'm 120 pounds
And I never get hungover
Because I will be the picture of discipline
Never minding what state I'm in
And be someone I admire
And it's funny how I imagined that I would be that person now
But it does not seem to have happened
Maybe I've just forgotten how, to see
That I'm not exactly the person that I thought I'd be
And in my mind
In the faraway here and now % \left( 1\right) =\left( 1\right) \left( 1
I've become in control somehow
And I never lose my wallet
Because I will be the picture of discipline
Never fucking up anything
And I'll be a good defensive driver
And it's funny how I imagined that I would be that person now
But it does not seem to have happened
Maybe I've just forgotten how, to see
That I'll never be the person that I thought I'd be
And in my mind
                                                                                                                                                                                                                                                                                                                                                                                                                         That I am exactly the person that I want to be
```

When I'm old, I am beautiful Planting tulips and vegetables Which I will mindfully watch over --Not like me, now I'm so busy with everything That I don't look at anything But I'm sure I'll look when I am older And it's funny how I imagine that I could be that person now But that's not what I want, if that's what I wanted then I'd be giving up somehow How strange to see ---- that I don't want to be the person that I want to be And in my mind I imagine so many things Things that aren't really happening And when they put me in the ground, I'll start pounding the lid, Saying "I haven't finished yet -I still have a tattoo to get That says 'I'm living in the moment'." And it's funny how I imagined that I could win this winless But maybe it isn't all that funny that I've been fighting all But maybe I have to think it's funny if I wanna live before I And maybe it's funniest of all to think I'll die before I actually see
