

# Amandinho - Get Away

Tom: **G**

Intro: **Em Bm C G** (2x)

Versos e Refrão: **Em Bm C G** (apenas repetir)

I want to get away  
From this pain  
I wanna try  
To be ok

I have to get away  
From this pain  
I wanna cry  
To be the same

I have declaimed  
That I'm afraid  
To realize  
That's the end

Now I'm saying  
What I am  
I mean I'm trying  
Not to defame

Trying to reach what's above my eyes  
Trying to touch the stars  
Trying to reach what I cannot find  
Trying to make a stop

I haven't said  
Anything  
How is it like  
To be acclaimed?

I need a fucking break  
From this pain  
A need a time  
To rearrange

Trying to reach what's above my eyes  
Trying to touch the stars  
Trying to reach what I cannot find  
Trying to make a stop

Trying to reach what's above my eyes  
Trying to cause a storm  
Trying to reach what I cannot find  
Trying to make a stop

## Acordes
