Intro: Bbm7 Ebm7 Db Bbm7 Ebm

[Primeira Parte]

You got me curious (curious)  
 Every time you move, that look mysterious (mysterious)

And I enjoy the view

Let's make it serious (serious)

We can't let this be

Take it any way you like, let's take a dive

Take the leap, I'll follow you

Put your hands here, pull me through

Keep this way down at the waist, there's no time to wait

Take the thoughts and let them go

Feel the rhythm, let it flow

Baby, I just want a taste

We can dance away

[Refrão]

You are the feeling that I can't avoid  
 Let's break the silence, time to make some noise

You're fascinatin', baby I want more

So feed my curiosity

Show me what you got for me, yeah

Show me what you got for me

Show me what you got for me

Yeah, yeah, yeah, yeah

Show me what you got for me

Show me what you got for me
