

Amber Liu - Stay Calm

tom:

G

I'm gonna be who I should've been a long time ago
 No doubt of mine is?gonna?keep what I?feel inside

I'm gonna find myself tonight
 I'm?gonna try to speak my mind
 I'm gonna taste freedom right
 I'm learning to feel again

Stay calm
 The destination's far
 Though it ain?t clear stay strong
 Just stay true to who you are (who you are)

Break from the shame
 Release my soul and let it fly away (fly away)
 Surrender all, for I have faith
 The Lord's prepared the way (the Lord's prepared the way)

I'm gonna find myself tonight
 I'm gonna try to speak my mind
 I'm gonna taste freedom right (freedom right)
 I'm gonna learn how to feel again

Stay calm
 The destination's far

Though it ain?t clear stay strong
 Just be true to who you are (who you are)

I'll keep running for my life? (hey!)
 I'll keep running for my life yeah
 I'll keep running for my life (hey!)
 I'll keep running for my life yeah
 I'll keep running for my life (hey!)
 I'll keep running for my life yeah
 I'll keep running for my life (hey!)
 I'll keep running for my life (hey!)
 I'll keep running for my life yeah

Heart beats to the rhythm
 I will find my place learning to feel again
 My faint heart rate to the rhythm
 I will find my place learning to feel again
 I'm learning to feel again
 I'm learning to feel again (feel again, again)
 I'm learning to feel again

Stay calm
 The destination's far
 Though it ain?t clear stay strong
 Just stay true to who you are
