G
I look to the east when the day
F **C**
Is done and think of it all

Satin seams and tide pool dreams

I look to the sun
G
As the day is dawning
Dm
I carry my dreams
G
From a moment before

I try to recall
G
But I find myself yawning
Dm **G**
I guess they are gone but there's more
Dm **G**
So I head out the door

Cm **Fm** **Bb**
All around, listen and you can
Eb
Hear the sound
Cm **Fm**
On cloudy days seems like I
Bb **G** **Dm** **G** **Dm**
Always feel this way

G **Dm**
First break in the day if the time
F **C**
Is right and nobody minds
G **Dm**
I stroll down the lane take a breath
C **G**
Of air and drift on a dream
Dm
I look to the sun
G
As the day is warming
Dm
Consider the things
G
That have happened before
Dm

I feel like I'm one
G
With the wind on the hillside

I feel like I'm one with the
G **Dm** **G**
River that runs by my door

All around, listen and you can
