

American Pleasure Club - All The Lonely Nights In Your Life

tom:

Am

C

Dm

I see you smoking on the lawn
 You must be skipping class today
 My heart stops for a second or two
 All i want is to be near to you

(C D Dm F C)

Waiting for a train to come
 Wondering if i should call
 Feels so familiar now to me
 Like ive heard this all before
 Somebody loves you

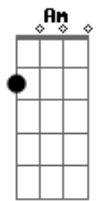

Its been that way for a month or two

(C D Dm F C)

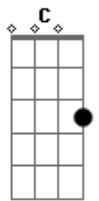

[Refrão]

If all the lonely nights in your life
 Piled up to block the sun
 Are you crying into the kitchen sink
 Are you sleeping in too long
 Somebody loves you
 Its been that way for a year or two
 Id wait a lifetime
 Just for a chance to call you mine
 Just for a chance to make you mine
