Capostraste na 1^{\underline{a}} casa
Intro: A Bm Gbm Bm Gbm
       Bm Gbm Bm Gbm A
Everything?s poles apart
                Gbm
Everything?s about fighting
               Α
Why can?t there be a middle ground?
                F
Be careful what you say
                Gbm
Words hurt much more than punches
               Α
                           F
And those wounds are much harder to heal
              Gbm
We?ve tried to fix the world a hundred thousand times
              Gbm
                              Ε
But we just seem to?ve made it worse
                     Gbm
No matter what we try, no matter what we do
                      Gbm
No matter if we dance, no matter if we don?t
                       Gbm
No matter what we think, no matter what we say
The world is still the same, the world is not ok
                       Gbm
And still the mirrorball is spinning
Inside the disco in our heads
               E
Just like a house on fire
          Gbm
Everything is chaos
People are looking for a way out
                Е
Some people pray, some people cry
                Gbm
Some people fry their minds
              Α
Some people just prefer to die
              Gbm
We?ve tried to fix the world a hundred thousand times
```

But we just seem to?ve made it worse
                       Gbm
