Comments: Gtr I

This song was quite annoying to tab, at some parts of the song Gtr II
 the guitarist
 seems to be toying with tremolo lasts. With this song you need
 to time everything
 I am sure i got this right, Im really sorry I didn't have the
 patience to secure the timing
 but if you need help contact me, im more than willing to help.
 This tab is done by hand so Bridge
 Intro: Gtr I

Verse Interlude
 Gtrs I, II Gtrs I, II

Verse 6x
 Gtrs I, II 6x

The Outro is really confusing sometimes, its not tremelo work,
 its just fast alt. Picking.
