

Amy Macdonald - What Happiness Means To Me

Tom: A
 m
 Maybe in the start we would laugh
 Maybe in the end we would cry
 But I believe in every book I've ever read
 And what you said

[Refrão]

And the moon was in the sky
 And the tears did fill my eyes
 And the memories they all had passed
 But in my head they'll always last
 And in the end before I could be
 I'd shown the world
 What it means to me
 Believe it or not, I made them see
 This is what happiness means to me

Will I ever see your face again
 Will I ever touch your skin
 I'll never stop loving everything you do
 But not me and you
 [Refrão]

And the moon was in the sky
 And the tears did fill my eyes
 And the memories they all had passed
 But in my head they'll always last
 And in the end before I could be
 I'd shown the world
 What it means to me
 Believe it or not, I made them see
 This is what happiness means to me
 And in the end, I made them see
 This is what happiness means to me
