Com você é bom qualquer lugar

The way you're looking at me  
You go with me, you want me  
Can't help myself I gotta be in love  
I wasn't even thinking  
And now you got me sinking  
I need you baby, I can't get enough  
You got me  
That's where I'll always be  
I know you see me just the way I am  
But just think of me  
What you want me to be  
I know you found the moment that we met  
It's giving me a love I won't forget

**Gbm7**  
Se ficar assim me olhando  
**B**  
Me querendo, procurando  
**Abm7** **G#m7-** **C#7-**  
Não sei não eu vou me apaixonar  
**Gbm7**  
Eu não tava nem pensando  
**B**  
Mas você foi me pegando

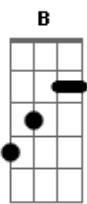

I need you baby I can't get enough  
You got me, that's where I'll always be  
I'll go there, go anywhere with you

**Gbm7**  
Se ficar assim me olhando  
**B**  
Me querendo, procurando  
**Abm7** **G#m7-** **C#7-**
