

Anah Tilibra - Second Place

tom:

G

Why did you say **Em** **G**

You would always stay **D**

I've just realized you're not **Am**

Em **G**

You used to say **D**

I'm your best friend **Am**

But you have a million of them

Em **G**

I adored you **D**

So much that ached **Am**

Sometimes it seemed my heart would break **Em** **G** **D** **Am**

But I'm still sure it wasn't love

G

So why **D**

Do I keep **Am**

Letting you lie saying you love me **C**

When it's no need hiding

That you're done with this

G

So why **D**

Did you let me in **Am**

If you weren't ready to the mess I am

C

And I'm tired of being in second place

Em

Not long ago **G** **D**

We were just strangers **Am**

Everything was so much easier **Em** **G** **D**

Now I have problems I don't know **Am**

How to deal with

Em **G**

Sometimes you love me **D**

Sometimes you hate me **Am**

And you don't need to say a word **Em** **G**

If you're not okay **D** **Am**

I clearly see it in your face

G

So why **D**

Do I keep **Am**

Letting you lie saying you love me **C**

When it's no need hiding

That you're done with this

G

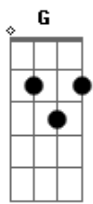

So why **D**

Did you let me in **Am**

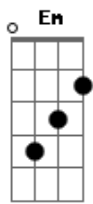

If you weren't ready to the mess I am **C**

And I'm tired of being in second place
