

# Anathema - Regret

Tom: C

As I drift away... far away from you,  
 I feel all alone in a crowded room,  
 Thinking to myself  
 "There's no escape from this  
 fear  
 regret  
 loneliness..."

Visions of love and hate  
 A collage behind my eyes  
 Remnants of dying laughter  
 Echoes of silent cries

I wish I didn't know now that  
 I never knew then...  
 Flashback  
 Memories punish me once again  
 Sometimes I remember all the pain  
 that I have seen.  
 Sometimes I wonder what might

have been...  
 Visions of love and hate  
 A collage behind my eyes  
 Remnants of dying laughter  
 Echoes of silent cries  
 And sometimes I despair  
 At who I've become  
 I have to come to terms  
 With what I've done  
 The bittersweet taste of fate  
 We can't outrun the past  
 Destined to find an answer  
 A strength I never lost  
 I know there is a way,  
 My future is not set,  
 For the tide has turned  
 But still I never learned  
 To live  
 without regret
