

Anathema - Regret

Tom: C

As I drift away... far away from you,
 I feel all alone in a crowded room,
 Thinking to myself
 "There's no escape from this
 fear
 regret
 loneliness..."

Visions of love and hate
 A collage behind my eyes
 Remnants of dying laughter
 Echoes of silent cries

I wish I didn't know now that
 I never knew then...
 Flashback
 Memories punish me once again
 Sometimes I remember all the pain
 that I have seen.
 Sometimes I wonder what might

have been...

Visions of love and hate
 A collage behind my eyes
 Remnants of dying laughter
 Echoes of silent cries
 And sometimes I despair
 At who I've become
 I have to come to terms
 With what I've done
 The bittersweet taste of fate
 We can't outrun the past
 Destined to find an answer
 A strength I never lost
 I know there is a way,
 My future is not set,
 For the tide has turned
 But still I never learned
 To live
 without regret
