

Anberlin - Unstable

tom:
Gbm

You came out of nowhere
But who could you hold wild horse unstable
Do you still do as you're told
Think you're wild and you're free now
Think you can cover me, well save yourself
Pretend like you don't do what you're told

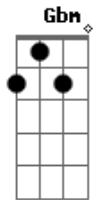

[Refrão]

Come around, let me in
How can I talk you down from that ledge
Unless you let me in?

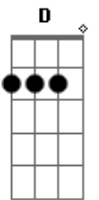

[Segunda Parte]

You heard when I called you
But you still lost your way, Are you able
To do just what you know? Whoa
Taught me to trust now
Yet you have no faith, In yourself
Why can't you believe in what you know?

[Refrão]

Come around (Darling), let me in
How can I talk you down from that ledge
Unless you let me in?

How can I talk you down

Unless you come around
Come around, come around? Whoa!

[Refrão]

Come around (Darling), let me in
How can I talk you down from that ledge
Unless you let me in? (Let me in!!)

Come around, let me in
I'll talk you down from that ledge
If you let me in?
Lovely
