

Anderson Bizzocchi - Boate Azul (Metal Cover)

tom:

Am
Love is a disease

Am
But I know, the night life

G
Can give me the cure

F
With the flower in the night

At a nightclub

E
Which I can't remember for sure

Dm
With all this pain

There is only one way

Am
To get rid of the blues

E
At the Blue Nightclub

I'll try to forget

All the things

Am A7
I've been through

Dm
And when the night

Is dying because

Am
Of the first light of dawn

E
All the members of nightlife are gone

Am A7
They all went to sleep

Dm
The lady of the night

Who was by my side

Am
Also went away

F
They shut the door

E
Just like before

A
I had to leave

E
But how can I leave

D
If I don't have anywhere else to go

Where is this place?

E
Honestly, I don't know

D
Across the town

A
On the south side

E
I drank too much

D
And all the memories look the same

E
And now I can even remember her name

D
The lady in blue, the flower in the night

A
The lady in blue, the flower in the night

A A7
The lady in blue, the flower in the night

And all the memories look the same

E
And now I can even remember her name
