

Andra Day - Rearview

Tom: A

(com acordes na forma de G)
 Capotraste na 2ª casa
 It's easy in the day but harder in the night
 I thought I felt the pain but hadn't fought this fight
 You woke up next to me and then we said goodbye
 And now it's settled in that something wasn't right

Oh, but we're a long way, long way from there
 And it's a cold case, a cold case to bear

Now I can only see you in my rear view
 So where did you go, where did you go
 I ruined our sweet tune

But how could I know, how could I know
 Once we were two dancing souls

Now all that's left is skulls and bones
 But I can only see my future

In my rearview

And don't we owe us more from all that in the past
 We knew before them all that what we had would last
 Stayed up for days so long and all into the night

Our final morning dawned and you had taken flight

Oh, but we're a long way, long way from there
 And it's a cold case, a cold case to bear

Now I can only see you in my rear view
 So where did you go, where did you go
 I ruined our sweet tune

But how could I know, how could I know
 Once we were two dancing souls

Now all that's left is skulls and bones
 But I can only see my future
 In my rearview

So I can only see you in my rear view
 So where did you go, where did you go

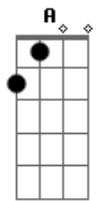

I ruined our sweet tune
 But how could I know, how could I know

Once we were two dancing souls
 Now all that's left is skulls and bones

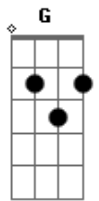

But I can only see my future
 I can still see my future

In my rearview
