

André Moura AlmaGuitars - Have You Ever Felt

Tom: C

All the words that I know
 Everything that I say
 Will never be enough
 To show you my love
 And everything that I can find
 Is just a doubt in my mind
 Will it be right?
 Are you my sunrise?

Have you ever felt
 That your love is wrong?
 But I still, I will belong to you

Have you ever felt
 That your love is wrong?

But I still, I will belong to you

There are fears in my mind
 Things I keep inside
 I know you just don't know
 I hide them all from you
 Maybe it's just a moment
 Maybe it's something true
 What's between me and you

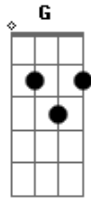

[Refrão]

There's a feeling I can't explain,
 Pics of you running in my brain
 After that night you sang
 I can't see you as a friend anymore
