

## Andrew Belle - Sky's Still Blue

```
tom:
Intro: A Gbm Dbm E
You never see clearly, 'til you stop cryin'
I never found it, until I stopped tryin'
I stumbled upon you, and fell through the ceilin' tiles
I started a fire to smoke out my treasons
I tore down a building to pick up the pieces
                            Gbm
And now on a clear glass wall, I can see our fate
But it's a little too late
              Gbm
Oh if you're hearing this
I must have made it through
             Gbm
Oh when the clouds above are overlooking my window
I see the sky's still blue
You never hold onto what we believe in
I think I've lost you, tell me I'm dreamin'
```
