Keep with me forward all through the night

And once we start the meter clicks

And it goes running all through the night

Until it ends there is no end

All through the night stray cat is crying so stray cat sings back

All through the night they have forgotten what by day they lack

Em Bm
Oh under those white street lamps

C Am
There is a little chance they may see

G Em C
We have no past we won't reach back

Am D G
Keep with me forward all through the night

Em C
And once we start the meter clicks

And it goes running all through the night

Until it ends there is no end
