                                                                         Gm7

                                                                 By the time I make Albuquerque she'll be workin
She'll laugh when she reads the part that say I'm leaving
                                                                                                                             F7M
                                                                                Gm7
                                                                 She'll probably stop at lunch and give me a call
Cause I've left that girl so many times before
                                                                                              C7
                                                                                                              Am7
                                                                                Eb7 C7
                                                                 But she'll just hear that phone keep on ringin.
By the time I make Albuquerque she'll be workin
                                                                 that's all
               Gm7
She'll probably stop at lunch and give me a call
                                                                 F7M
                                                                 By the time I make Oklahoma she'll be sleepin
                                                                                                                              F7M
                                                                                       Gm7
But she'll just hear that phone keep on ringin.
                                                   Off the wall She'll turn softly and call my name out low
that's all
                                                                          BbM7

By the time I make Oklahoma she'll be sleepin
                                                                         Gm7
