

Angel Olsen - Unfucktheworld

Tom: C

Intro: F G F G
F G F G

I quit my dreaming the moment that I found you
 I started dancing just to be around you
 Here's to thinking that it all meant so much more
 I kept my mouth shut and opened up the door
 I wanted nothing but for this to be the end
 For this to never be a tied and empty hand
 If all the trouble in my heart would only mend
 I lost my dream I lost my reason all again

[Refrão]

It's not just me for you

I have to look out too
 I have to save my life
 I need some peace of mind
 I am the only one now
 I am the only one now
 I am the only one now
 You may not be around
 You may not be around
 You may not be around
 I am the only one now
 I am the only one now
 I am the only one now
 I am the only one now
