

Angra - Angels Cry

Tom: G

Cry in the night of angels
 For their light will never shine
 With their hearts so full of sorrow
 Muddy waters all around
 The curtain falls for helpless souls
 How they suffer swept aside
 And the raging streams are flowing
 With so little hope inside
 It's like angels crying
 Can't take no more
 Angels dying

Capture their fall
 Try to see this misery
 Your future is not what you wished it to be
 So try to fly, the answer lies
 In the angry darkened skies (angry darkened skies)
 You just keep on standing in these fields all your life
 You sow the seeds that never grow, yeah
 No harvest comes such a strain to feed the few
 Still you're waiting, it's in vain

The change must come right now
 Oh, see the sun in the sky (from the dawn of destruction)
 Free, free this chain from my heart
 Hear the cry of angels
 From this life you cannot hide
 The change may come tomorrow
 For the solemn weeping eyes
 Like angels crying
 Can't take no more
 Angels dying
 Capture their fall
 So try to fly, the answer lies
 In the angry darkened skies (angry darkened skies)
 You just keep on standing in these fields all your life
 You sow the seeds that never grow, yeah
 No harvest comes such a strain to feed the few
 Still you're waiting, it's in vain
 The change must come right now
 Angels are crying and dying, there must be some way
 Endless you stray, still you pray for a better life
 Nobody sees when a glimpse of your target lies behind you
 Like steps of the pilgrims unshined
