

# Angra - Lease Of Life

Tom: Db

(intro) C C Bb

Where do you come from?  
 I hear an angel song  
 It seems to be a call  
 Ero's chant of love  
 Take me throught the storm  
 When you came from afar  
 It took so long  
 Spirit brought me life  
 A passion at first sight  
 Lend thy hand, my heart  
 Nymphs dance around the isle  
 A phantom screams and haunt me all the time  
 Then you come!  
 Like an angel from the skies  
 Princess of my dreams,  
 I wonder why you are gone

Someday you'll return  
 ( C Cm C C )  
 Where do you come from?  
 Faraway? Beyond?  
 Virgin as a diamond  
 Precious like a child  
 Lend thy hand, my heart  
 We've got to believe we'll join our lives  
 Over the vengeance, treason and lies  
 We can be one  
 We can restart  
 Forgive my mistakes  
 Forgive my mistakes  
 Someday!  
 Since I arrived on this shore  
 I've seen all my past (someday)  
 A new force come from the source  
 A new lease of life
