

# Animal Collective - Golden Gal

Tom: C

"Is this about (Where your heads at)? No, Blanche, she's upset because they keep changing the taste of coke."

Do-doo-doo-doo

Golden Gal on her screen  
 Some kind of tube she'd never seen  
 Gift to the girl ready to dream  
 Hope in new forms, the elderly  
 Spirit is burning, to hear it for the girls again

So complex and brave!  
 Power and lure without showing some legs  
 Different roads, not just sexual things  
 Went and cut a rude hue, said it did right away  
 Am I keeping it new, and relearning girls again

It's a strange kind of plot,  
 Who steps and paves the Golden way?  
 With a humor that is known to quickly put me in my place  
 Every word's so tricky, how we know what to say  
 My gal you're so strong, you should hold your head above them  
 And you need not ask for much to get my praise

 Gift to the girl ready to dream  
 Hope in new forms, the elderly  
 Spirit is burning, to hear it for the girls again

Let me dress up like a Golden Gal and have my Golden day  
 Let me watch the mark of maleness from a table side in greys  
 I can only dream of how I'd be so amazed  
 The gals were right on, when she needed laughs to fall on,  
 And for all of this and more I give them praise

("Flytrap!") (Keyboard solo)

You'd think the gals should feel so comfortable these days,

But sexy genders bring some troubles to the fray,  
 And trouble tears apart  
 Another Golden heart  
 So I want to be the reminder that she's stronger than the bulk on other days

(Golden Gal!) Gave me my strength,  
 She said i'll be here for you later boy,  
 Now run along, you have to fall  
 (Golden Gal!) Gave me my faith,  
 And all it took was some belief,  
 I don't believe that she should change at all  
 (Golden Gal!) Taught me restraint,  
 She said, you'll want more much later, dude,  
 I'm your everything and not your toy  
 (Golden Gal!) I'll be beside her,  
 I might want to stand in line to find,  
 The kind of mind she can provide

Here for a while I'll follow my Golden Gal.
