

Animal Collective - Vertical

Tom: **D**

Mountains in Kauai, Make me feel so lowly, Cower at their power, Vertical I like
Dizzy under buildings, Bending like their willing, Is it what I'm seeing, Vertical is fright

F **G**
[Hard to gain perspective, Often it's perplexing, Reaching for a record, Vertical is sight,]

F **G**
[Hanging on a pylon, Dropping from a million, Jumping hill to hill on, Vertical is height]

F **G**
People live above you, Postured like a totem, Runnin' up some stairs oh, Vertical is might

F **G**
Stalling on a nose and, Places to propose in, Seeing everything from, Vertical is light

F **G**
Diamonds of the sky on, Black and endless background, Reaching out to grab them, Vertical at night

F **G**
My imagination, Reaches to forever, Like an endless tower, So vertical I write

{Pre-Chorus}

Gbm **G** **A**
So high and still it sends a feeling through me
(Oh up above me falling over)
[Suddenly not vertical]

E **D** **Dbm**
Breathe in the the air goes through a system that is
(down below me working steady)
[Weary when it's vertical]

Gbm **G** **A**
A tree we are with limbs extending to the sun
(Single holly finches calling)
[Very lovely vertical]

E **D** **A**
Come find me floating up if you should find me gone
(Nice and breezy spirits easy)
[And did you hear a child say?]

{Chorus}

D
My feet can't cross the parking lot
Am
The parking lot is way too hot
[Then everything went vertical]
x4

Bm **A** **G**
For me, for me, for me
Ooh-ooh-ooh, ooh-ooh-ooh
Ooh-ooh-ooh, ooh-ooh-ooh

{Verse}

F **G**
At the tips of cities, Birds are tracing columns, Windows bend in wind, Vertical in flight

F **G**
Down below a statue, People stand in poses, Making good impressions, Vertical delights

F **G**
Lying on a trunk, And waiting to be dreaming, Startled by a thumpin, Vertical insight

F **G**
Lots of people thinkin, Thinking about falling, Nothing but a rope so, Vertical hold tight

{Pre-Chorus}

Gbm **G** **A**
Sometimes you feel the pressure dropping on you
(Heavy folders daring soldiers)
[Crashing from the vertical]

E **D** **Dbm**
I start to wonder does this system matter?
(Crumbling boulder couldn't hold her)
[Only if it's vertical]

Gbm **G** **A**
Even in leaves some creatures build themselves a home
(Ancient maples empty stables)
[Can't always be vertical]

E **D** **A**
Lifted above the din their worlds a peaceful dome
(Natures diet finding quiet)
[They don't hear the child say]

{Chorus}

My feet can't cross the parking lot

The parking lot is way too hot
