

# Animal Collective - Vertical

Tom: D

Mountains in Kauai, Make me feel so lowly, Cower at their power, Vertical I like  
 Dizzy under buildings, Bending like their willing, Is it what I'm seeing, Vertical is fright

F G  
 F  
 [Hard to gain perspective, Often it's perplexing, Reaching for a record, Vertical is sight,]

F G  
 F  
 [Hanging on a pylon, Dropping from a million, Jumping hill to hill on, Vertical is height]

F G  
 F  
 People live above you, Postured like a totem, Runnin' up some stairs oh, Vertical is might

F G  
 F  
 Stalling on a nose and, Places to propose in, Seeing everything from, Vertical is light

F G  
 F  
 Diamonds of the sky on, Black and endless background, Reaching out to grab them, Vertical at night

F G  
 F  
 My imagination, Reaches to forever, Like an endless tower, So vertical I write

{Pre-Chorus}

Gbm G A  
 So high and still it sends a feeling through me  
 (Oh up above me falling over)  
 [Suddenly not vertical]

E D Dbm  
 Breathe in the the air goes through a system that is  
 (down below me working steady)  
 [Weary when it's vertical]

Gbm G A  
 A tree we are with limbs extending to the sun  
 (Single holly finches calling)  
 [Very lovely vertical]

E D A  
 Come find me floating up if you should find me gone  
 (Nice and breezy spirits easy)  
 [And did you hear a child say?]

{Chorus}

D  
 My feet can't cross the parking lot  
 Am  
 The parking lot is way too hot  
 [Then everything went vertical]  
 x4

{Bridge}

Bm A G  
 For me, for me, for me  
 Ooh-ooh-ooh, ooh-ooh-ooh  
 Ooh-ooh-ooh, ooh-ooh-ooh

{Verse}

F G  
 F  
 At the tips of cities, Birds are tracing columns, Windows bend in wind, Vertical in flight

F G  
 F  
 Down below a statue, People stand in poses, Making good impressions, Vertical delights

F G  
 F  
 Lying on a trunk, And waiting to be dreaming, Startled by a thumpin, Vertical insight

F G  
 F  
 Lots of people thinkin, Thinking about falling, Nothing but a rope so, Vertical hold tight

{Pre-Chorus}

Gbm G A  
 Sometimes you feel the pressure dropping on you  
 (Heavy folders daring soldiers)  
 [Crashing from the vertical]

E D Dbm  
 I start to wonder does this system matter?  
 (Crumbling boulder couldn't hold her)  
 [Only if it's vertical]

Gbm G A  
 Even in leaves some creatures build themselves a home  
 (Ancient maples empty stables)  
 [Can't always be vertical]

E D A  
 Lifted above the din their worlds a peaceful dome  
 (Natures diet finding quiet)  
 [They don't hear the child say]

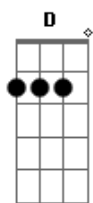

{Chorus}

D  
 My feet can't cross the parking lot  
 Am  
 The parking lot is way too hot  
 [The everything went vertical]  
 x8

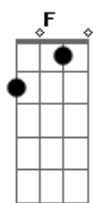

{Outro}

D Am G Am  
 The parking lot is way too hot  
 [The everything went vertical]  
 x8
