

# Anitta - Will I See You (feat. Poo Bear)

Tom: B

When it's all said and done will I see you?  
 When it's all said and done will I see you?

When it's all said and done will I see you?

Now that my love is on

All the way on you, I won't turn it off

Would you do the same?

When it's all said and done will I see you?

I've been planting seeds in our ground

Watching us grow for a while

Pray the sun stays shining down on us

I hope it do

We committed our trust out loud

Like gravity, we just wanna hold each other down

Build a circle, pray you always stay around

I do, Lord knows I do

Met you on the block

You ain't gotta hustle like that no more

I been on a journey

I ain't tryna look back no more

We been on a wave

Tryna not make it back to shore, oh no

When it's all said and done will I see you?

When it's all said and done will I see you?

Now that my love is on

All the way on you, I won't turn it off

Would you do the same?

When it's all said and done will I see you?

Took away my insecurities

Your arms became my security

Ooh, my melody became harmony

With you, and only you

Sometimes reality kicks in

Realizing every beginning comes to an end

Can I go to sleep at night?

Knowing I wake up to my best friend

When it's all said and done will I see you?

When it's all said and done will I see you?

Now that my love is on

All the way on you, I won't turn it off

Would you do the same?

When it's all said and done will I see you?

When it's all said and done will I see you?

When it's all said and done will I see you?

Now that my love is on

All the way on you, I won't turn it off

Would you do the same?

When it's all said and done will I see you?

## Acordes
