 I'm caught up in your expectations.  
 A  
 You're trying to make me live your dream.  
 E  
 But I'm causing you so much frustration.  
 D  
 And you only want the best for me.  
 Gbm  
 You wanted me to show more interests.  
 A  
 To always keep a big bright smile  
 E  
 Be that pinky little perfect princess.  
 D  
 But I'm not that type of child.  
 Gbm  
 And this storm is rising inside of me.  
 A  
 Don't you feel that our whole worlds collide?  
 E  
 It's getting harder to breathe.  
 E Gbm  
 It hurts deep inside.

Gbm  
 Just let me be.  
 D  
 Who I am  
 A E  
 It's what you really need to understand.  
 Gbm D A E  
 And I hope so hard for the pain to go away.  
 Gbm D  
 And it's torturing me.  
 A E  
 But I can't break free.  
 Gbm D A  
 So I cry and cry but just won't get it out.  
 E Gbm  
 The silent scream.

Gbm  
 Tell me why you're putting pressure on me.  
 A  
 And everyday you cause me harm.  
 E  
 That's the reason why I feel so lonely  
 D E  
 Even though you hold me in your arms.  
 Gbm  
 Wanna put me in a box of glitter.  
 A  
 But I'm just trying to get right out.  
 E
