

Anna Nalick - Forever Love

Tom: A

On the ground
 with my world
 Upside down
 I got a vision of your face
 And I must get me out
 For so many memories we've yet to make
 God don't send to me your angels
 I just wanna hear you say again

Forever love
 Say your love
 Digame, Digame

Tell me so
 I can hold you in my soul
 If I go
 I know
 When you smile
 With those eyes
 Baby it's like
 You place a finger on my heart
 And your lips next to mine
 Make me think that maybe heavens where you are
 God don't send to me your angels
 I just wanna hear you say again
