

# Anson Seabra - Hindenburg Lover

Tom: G

We were floating for days  
 We were flying the way  
 That doves do  
 And I loved you  
 We were sailing the sky  
 Watch the clouds passing by  
 Like a dreamland  
 Where should we land  
 We were invincible  
 That's what they said  
 So indivisible  
 Wherever we went  
 Higher than high, yeah  
 I guess that we had it all  
 Light up the sky and then  
 We thought that we'd never fall  
 You were my Hindenburg lover we were flyin' away  
 But then we took a wrong turn and it was all up in flames  
 And now I'm starin' at the wreckage tryin' make it okay  
 Oh yeah  
 I guess I got burned from the scars on my heart  
 But I'd be lyin' if I said I didn't know from the start  
 That there was just something in between us  
 That would tear us apart  
 Oh, yeah  
 I can still see your face  
 Looking back through the flames  
 And I search it  
 Was it worth it

No I don't mind the smoke  
 But your tears make me choke  
 Are you okay?  
 Should I go away?  
 We were invincible  
 That's what they said  
 So indivisible  
 Wherever we went  
 Higher than high, yeah  
 We thought that we'd never fall  
 Light up the sky and then  
 I guess that we had it all  
 You were my Hindenburg lover we were flyin' away  
 But then we took a wrong turn and it was all up in flames  
 And now I'm starin' at the wreckage tryin' make it okay  
 Oh, yeah  
 I guess I got burned from the scars on my heart  
 And I'd be lyin' if I said I didn't know from the start  
 That there was something in between us that would keep us a part  
 Oh, yeah  
 You were my Hindenburg lover we were flyin' away

 And now I'm starin' at the wreckage tryin' make it okay
