Capostrate na 3ª casa

Em C G
Almost thought we coulda been something, almost thought we
could have tried, but
Em C G
It didn't happen so I need you to get out my life
Em C G
But the other night I had you in my head, called you on the
phone
Em C G
Want you stealing my time even though I said I wanna be alone
Em C
G
Oh and I should know this could never work, oh, this could
never end well
Em C G
Know it's only human but I never learn, I want you for myself
Em C G Bm
I can take the fall: the pain, the pleasure
Em C G Bm
And you can take it all, for worse, or better
Em C G Bm
But oh, what if we're wrong? What if we're not all that we
thought?
Em C G Bm
Then we won't make it long, but hey, I guess that's us
Em C G
We couldn't help it but you know that doesn't make it right
Em C G
You say I'm selfish but I know you felt the same inside

Em C G
Everybody says it's all okay, everybody says we're fine but
Em C G
Guess someone else is what you need to make you feel alright
Em C G
But tomorrow night I'll probly call a cab, show up at your
door
Em C
G
Love you in the night time, leave you in your bed, cold and
wanting more
Em C
