tom:  
Capostrate na 3ª casa

Em C G  
Almost thought we coulda been something, almost thought we  
could have tried, but  
Em C G  
It didn't happen so I need you to get out my life  
Em C G  
But the other night I had you in my head, called you on the  
phone  
Em C G  
Want you stealing my time even though I said I wanna be alone  
Em C  
G  
Oh and I should know this could never work, oh, this could  
never end well  
Em C G  
Know it's only human but I never learn, I want you for myself  
Em C G Bm  
I can take the fall: the pain, the pleasure  
Em C G Bm  
And you can take it all, for worse, or better  
Em C G Bm  
But oh, what if we're wrong? What if we're not all that we  
thought?  
Em C G Bm  
Then we won't make it long, but hey, I guess that's us  
Em C G  
We couldn't help it but you know that doesn't make it right  
Em C G  
You say I'm selfish but I know you felt the same inside

Em C G  
Everybody says it's all okay, everybody says we're fine but  
Em C G  
Guess someone else is what you need to make you feel alright  
Em C G  
But tomorrow night I'll probly call a cab, show up at your  
door  
Em C  
G  
Love you in the night time, leave you in your bed, cold and  
wanting more  
Em C  
G  
Oh and I should know this could never work, oh, this could  
never end well  
Em C G  
Know it's only human, but I never learn, I need you for myself

I can take the fall: the pain, the pleasure
