

Anson Seabra - Unforgettable

tom:

[Primeira Parte]

B
You say that we should move on now
But it's hard
Cus I've still got half your closet
in the back of my car
and all my friends say I'm hopeless
But I'm not
It's just that I really hope this
Doesn't tear us apart

[Pré-Refrão]

Cus when you leave me
I don't wanna be alone
I want you to need me
Baby baby please don't go

[Refrão]

The way we loved was so damn incredible
That it made me numb when I had to let it go
Now you say we're done and I hope it was memorable

But I can't move on cus you're so unforgettable

[Segunda Parte]

I still remember the old you
But it's gone
And I just hope that he holds you
The way that you want
I gotta feelin that I should
Just walk away
But it gets harder and harder
Every day

[Pré-Refrão]

Cus when you leave me
I don't wanna be alone
I want you to need me
Baby baby please don't go

[Refrão]

The way we loved was so damn incredible
That it made me numb when I had to let it go
Now you say we're done and I hope it was memorable
But I can't move on cus you're so unforgettable
