

# Anson Seabra - Unforgettable

tom:

[Primeira Parte]

**B**  
 You say that we should move on now  
 But it's hard  
 Cus I've still got half your closet  
 in the back of my car  
 and all my friends say I'm hopeless  
 But I'm not  
 It's just that I really hope this  
 Doesn't tear us apart

[Pré-Refrão]

Cus when you leave me  
 I don't wanna be alone  
 I want you to need me  
 Baby baby please don't go

[Refrão]

The way we loved was so damn incredible  
 That it made me numb when I had to let it go  
 Now you say we're done and I hope it was memorable

But I can't move on cus you're so unforgettable

[Segunda Parte]

I still remember the old you  
 But it's gone  
 And I just hope that he holds you  
 The way that you want  
 I gotta feelin that I should  
 Just walk away  
 But it gets harder and harder  
 Every day

[Pré-Refrão]

Cus when you leave me  
 I don't wanna be alone  
 I want you to need me  
 Baby baby please don't go

[Refrão]

The way we loved was so damn incredible  
 That it made me numb when I had to let it go  
 Now you say we're done and I hope it was memorable  
 But I can't move on cus you're so unforgettable
