

Anson Seabra - Unforgettable

tom:

[Primeira Parte]

B
 You say that we should move on now
 But it's hard
 Cus I've still got half your closet
 in the back of my car
 and all my friends say I'm hopeless
 But I'm not
 It's just that I really hope this
 Doesn't tear us apart

[Pré-Refrão]

Cus when you leave me
 I don't wanna be alone
 I want you to need me
 Baby baby please don't go

[Refrão]

The way we loved was so damn incredible
 That it made me numb when I had to let it go
 Now you say we're done and I hope it was memorable

But I can't move on cus you're so unforgettable

[Segunda Parte]

I still remember the old you
 But it's gone
 And I just hope that he holds you
 The way that you want
 I gotta feelin that I should
 Just walk away
 But it gets harder and harder
 Every day

[Pré-Refrão]

Cus when you leave me
 I don't wanna be alone
 I want you to need me
 Baby baby please don't go

[Refrão]

The way we loved was so damn incredible
 That it made me numb when I had to let it go
 Now you say we're done and I hope it was memorable
 But I can't move on cus you're so unforgettable
