

# Antemas - Sweet Night

tom:  
Eb (forma dos acordes no tom de Em )  
Afinação: Eb Ab Db Gb Bb Eb

[Primeira Parte]

Oh, my old sweet night  
I deleted a star to give you more time  
Oh, my old sweet and pretty night  
You'd lend me your sight? 'Cause I've been so blind  
Unsheltered from the rain  
Delivered by the many black clouds  
A timeless piece of an unknown place  
With fireflies from hills to the ground

[Pré-Refrão]

It's like taking a shot in the dark  
Your fate has no price and no choice  
Faceless demons only whisper in your mind  
So thank you for hiding  
The truth underneath your skin

[Refrão]

South turned into North (ahead!)  
West turned into East (right there!)  
Compass in control (is dead!)  
Make your own history  
You'll find The Wall (ahead!)  
Faster than you need (right there!)  
Compass in control (is dead!)  
Make your own history

( Em Am Bm Em )

[Segunda Parte]

Sevenfold lost in time  
I was moved by the rhythm of life  
It was so cold under the moonlight  
The sky was bright and the rain said goodbye  
Scattered over the land  
The sands of time corroding with crowns  
A darkened view of a distant trail
