

Anya Marina - Serious Love

Tom: F

I hate when you go
 But I hate when you're here
 I was fine all alone
 Before you appeared, hmm

But the second you come back
 Got me talking fast, making me weak
 Throwing everything off track
 All your trouble

I'm in too deep
 Now I know what they mean when they say
 It's serious
 How could this be?
 When we touch, it's a dream
 Oh, you're making me delirious
 This is serious love

Love, love

Love, love

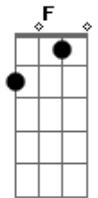

Now I'm losing sleep
 Been lost in your arms
 Watching you watching me
 I can feel your heart against my heart

Yeah, every time you do that
 Got me talking fast, making me weak
 Throwing everything off track
 All your trouble

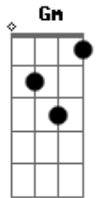

I'm in too deep
 Now I know what they mean when they say
 It's serious
 How could this be?
 When we touch, it's a dream
 Oh, you're making me delirious

This is serious love
 Love, love
 (This is serious) serious love
 Love, love
